Ohio State University Extension also has many free publications available in an electronic format. To find University and Extension research-based fact sheets, simply type what you are looking for into your Internet browser and add "university extension" to the end. Example: grape production university extension. This will find research-based materials on grape production. You can also add "Ohio State" if you just want publications from OSU.

Please contact the OSU Extension Office (740.622.2265) to check for availability of publications, as they may not be in stock. If publications need to be ordered, please allow ten days for it to arrive.

Office Hours Monday-Friday
8:00 am – 5:00 pm
